

Connecticut's Forest Forum

CALL FOR EXHIBITORS

At the Connecticut's Forest Forum
Aqua Turf, Southington, CT
Wednesday October 23, 2019
8:00 a.m. – 3:00 p.m.

What is the Connecticut Forest Forum?

The Connecticut Urban Forest Council is the statewide champion of a healthy urban forest in Connecticut. The Forest Forum, a collaborative effort spearheaded by the CT Department of Energy & Environmental Protection's (DEEP) Forestry Division and the Connecticut Forest & Park Association (CFPA), provides a venue for sharing the advancement of forest conservation and research efforts throughout the state.

Why exhibit?

This joint conference offers a great opportunity to reach individuals and their organizations with a wide interest in urban forests, tree ecology, forest research and conservation, and traditional forestry. Attendees are interested in learning about other programs, services, and products that will assist them in their professional and personal lives to improve our connection with and understanding of our trees and our forests. As an exhibitor, you will have the chance to network with potential members, visitors and customers for your organization or services.

Who will be there?

Conservationists, municipal land use staff and volunteers, land trust leaders, foresters, forest owners, tree wardens, landscapers, arborists, and others
